### **Project MUSE Recovery's Edge An Ethnography of Mental**

Mental health crisis results in an initial loss of moral agency. This loss is perpetuated by the ways people with mental illness are treated, both by society in general and by traditional mental health programs in particular. As a result, those with chronic, severe mental illness remain isolated and marginalized.

"Recovery's Edge is a stunningly compelling read, infused with a fierce energy, inspired by the author's family experience with 'the chaotic mental health system of "care" in America. Neely Myers's ethnographic study of mental health care and the current American Recovery Movement takes readers to the very centers of the recovery revolution where patients once in care have become the
