Dan Keown's highly accessible, witty, and original book shows how western medicine validates the theories of Chinese medicine, and how Chinese medicine explains the mysteries of the body that western medicine largely ignores. He explains the generative force of embryology, how the hearts of two people in love (or in scientific terms `quantum entanglement') truly beat as one, how a cheating heart is also an ill heart (which is why men are twice as likely to die of a sudden heart attack with <http://e-proto-types.co/The-Spark-in-the-Machine--How-the-Science-of-Acupuncture--.pdf>

The Spark in the Machine is outstanding! Totally my kind of book, it is an exceptional blend of health science and life. The great thing about this book is its simplicity. It speaks in such a functional way, making the hard-to-understand understandable. I could lose myself for hours in this book. While it is certainly not a quick read, it is definitely a valuable one.
